

YES COMPOST

YES

- ✓ Food scraps/leftovers
- ✓ Fruit and vegetable trimmings
- ✓ Meat and bones
- ✓ Dairy products like cheese, yogurt, etc.
- ✓ Breads, cereals, grains, and rice
- ✓ Nuts
- ✓ Egg shells
- ✓ Coffee grounds and paper coffee filters (unbleached)
- ✓ Natural fiber tea bags (remove staple if present)
- ✓ Non-bleached/inked napkins and paper towels as long as they are soiled with only organic material (e.g. no oily shop towels)
- ✓ Cardboard substantially soiled by food like pizza. If clean, please recycle. Please tear into small pieces and remove any non-compostable items from within boxes
- ✓ Grease, vegetable oils (not more than 5% of container contents. Please keep these off of the bucket walls and bottom to reduce the amount of water/soap required for cleaning. Soak into paper towel, or pour into center of full bucket)
- ✓ All to-go PLA (corn plastic) or paper containers and utensils specifically labeled as “compostable” (see symbols)

NO

- ✗ Trash or Recycling: clean cardboard, #1 and #2 plastics, glossy paper, aluminum foil and aluminum cans, etc.
- ✗ Non-compostable Plastics. Thin-film plastics like plastic bags, clamshells, and other packaging.
- ✗ Rubber Gloves
- ✗ Fruit and vegetable stickers/tags/labels/rubber bands
- ✗ Dryer lint (contains micro-plastics from synthetic fabrics)
- ✗ Pet waste/hair
- ✗ Yardwaste/grass clippings (Herbicide contamination risk) Save for Spring and Fall yardwaste collection routes
- ✗ Ornamental Flowers (Pesticide contamination risk). Put these in a separate bag and leave them out with the bucket and we'll compost them separately

Unsure on something?

Remember, our policy is “guilty until proven innocent” so if you have any questionable items please text Karl at number below to approve them PRIOR to including them in your bucket.

Thank you!
